certificate on your phone or print the certificate out. The online learning section of the class must be completed prior to attending the classroom demonstrations.

The online learning section must be completed prior to the first day of training. Students who do not provide their certification may be bumped to a future class.

Step 2: Show-Up

Failure to provide any of the above items will result in the student being bumped to a future class.

Step 3: Demonstrate Your Competency

Students will spend their classroom time reviewing concepts from the online learning section and demonstrating competency in a hands-on environment. This includes lecture, videos, demonstrations, and critical thinking exercises

Students are to demonstrate competency in all areas in order to pass the class and receive their certification. Students who do not show competency in all areas will be bumped to a future class.
